Answer

MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI KANTI LAL BHURIA)

(a): The Government have increased the Minimum Support Prices (MSPs) for various agricultural products, including wheat and paddy, as announced in the Price Policy for Kharif and Rabi crops of 2004- 05.

(b): A statement indicating the Minimum Support Prices of agricultural products in recent years is annexed. The MSPs are uniform throughout the country.

(c)&(d): The Government decides on the Minimum Support Prices (MSPs) for various agricultural commodities taking into account the recommendations of Commission for Agricultural Costs and Prices (CACP), the views of State Governments and concerned Central Ministries as well as such other relevant factors, which in the opinion of the Government, are important for fixation of MSPs. The Government does not propose to include additional products/crops.

(e): The Government is implementing the Market Intervention Scheme (MIS) for procurement of horticultural commodities. In order to protect the growers of horticultural commodities from distress sales in the event of bumper crop, MIS is implemented for a particular commodity on the request of the State Government which is ready to bear 50% loss (25% in case of North-Eastern States), if any, in its implementation.
